

President's Notes: Table Conversations

Last Sunday, we had only 3 table conversations (the sanctuary was chilly, the service ran late....) We focused on two questions "What might we do well together?" and "What would it take to do it?" As before, I have lumped the responses in categories of my own device (you might want to jigger the categories differently), but the items (including the category headings) are in the words of the tables:

- Maintaining a full-time minister was listed as task yet to be completed.
- More awareness of needs in the community
- Focus on one issue ("UUFM is the church that....")
- Celebrate our theological diversity
- Improve the grounds
- Various activities spread throughout the year

Once again, a pretty impressive list! There is a lot here for us to discuss (both in committees and among ourselves) in the coming months. The full list (from both sessions) is available [here](#).
