

Weekly Update copy

**Notes from the President:**

A reminder again that we will start with Table Talks during the Coffee Hour on Sunday, September 29. A Board Member will be at the table to listen and to record your conversation. In future months we offer other opportunities; let us know if you have a preferred way to spend some time listening and sharing with others. For this month, there are three questions we will be asking you to consider together: “What is our core?” “What could we become?” “What would it take to do it?”

Also, a reminder that we are coming together to view the Transforming Hearts Collective’s 6-part online workshop on “Trans Inclusion in Congregations.” Last week the workshop focused on “The Beloved Community.” On 9/29 we will view the workshop on “Gender and Our Faith Community.” While the workshop last week was full of useful information, to me the best part was the conversation that we engaged in during and after the presentation. While we will make the online materials available to anyone who asks, viewing (and discussing) it together adds a deeper dimension to the training. I hope to see you there the week after next!
